

Stocked in NZ Range July 2014		
	BASF product SYSTEM range in NZ as supplied by Nuplex	
	www.nuplexconstruction.co.nz	ncpsales@nuplex.co.nz
	NB: this is only part of the full range available.	0508-882288
	Products are detailed in other lists and datasheets that make up the systems.	
Area	SYSTEM	DESCRIPTION
Performance Mortars	Master EMACO S 5400 Ci	R4 Cementitious shrinkage compensated structural repair mortar - <u>Highest performance</u>
	Master EMACO N 5200 Ci	R2 Cementitious, fast set, Universal polymer modified, fibre reinforced, repair, leveling, Light weight. High yield.
	Master EMACO N 5100	FC Cement fairing compound.
	EMACO S90U	Cementitious rapid set mortar for underwater use.
	EMACO S88C THIXOTROPIC 20kg	High strength thixotropic mortar
	EMACO NANOCRETE AP (AE) 5KG Primer	AP Primer: cement based, multi-use bonding; metal protection primer.
Flowable grouts for Construction	MASTERFLOW 830	High strength, non-shrink precision grout
	MASTERFLOW 880 20KG	Ultra high strength, non-shrink precision grout; Iron reinforced for wear resistance.
Concrete surface hardeners, retarders and curing compounds	RHEOFINISH 380 (EXPOSE)	Waterbased surface retarder for exposed aggregate
	MASTERKURE 111 20L 3H1	Evaporation retarder and finishing aid for fresh concrete; ancillaries
	Masterkure 100WB	Waterbased WAX curing compound and bond breaker
	Masterkure 250	Water based Hydrocarbon curing compound
	Masterkure 404	Water based Clear acrylic curing compound
	Mastertop 105	Silicon carbide concrete surface hardener
Concrete Sealers	MASTERSEAL 333 20L	silicate dust arrester and surface hardener.
Sealants	SONOLASTIC ULTRA Sealant	Sausage, Hi-spec non-pick; Carton of 20.
Floor underlayments	Mastertop 505	Floor underlayment, rapid setting feather finish
	Mastertop 510	Floor underlayment, Self levelling
	Mastertop 515	Floor underlayment, Self levelling, ultra smooth
	Mastertop 530	Floor underlayment, Self levelling, bulk fill
	Mastertop 545	Floor underlayment, rapid set, trowel
Epoxy topping	CONCRESlVE epoxy resin	Epoxy bonding resin A 3:1
Polyurethane traffic deck coating	CONIDECK System	Exterior concrete car deck coating. UV stable, flexible and durable. System 2269 is the main deck system.
UCRETE Polyurethane floor topping - Industrial	UCRETE SYSTEMS: DP6,	Industrial floor topping for hygienic food factories and food prep. All pre-packaged; DP6 is std: Resin + hardener + aggregates + tinter
