

BENEFITS OF BELONGING TO THE NUPLEX CONTRACTORS FEDERATION (NUFED)

The Federation, an organisation that has been running for 45 years, offers members a wide range of benefits. Some of these are listed below. If you would like further details about any of these items please give the NUFED Executive officer, David Evans, a call on 021 661609 or contact your local Nuplex representative.

Benefits currently available to members include the following.

- **Brand your company** in association with the Nuplex and NUFED brand. Nuplex products are widely respected throughout the construction industry.
 - **Be called a Nuplex Licenced Contractor.**
 - Receive an **annual licence certificate**. These are used with your tenders.
 - **Logos:** ability to use Nuplex and NUFED logos with your work.
 - **Training Programme.** Subsidies are available to members for the Floorings and Coatings courses run by Nuplex, First Aid Courses run by recognised suppliers (full refund), Scaffolding Courses (full refund), and HSNO Approved Handler training (50% of cost up to \$300 until budget is spent).
 - **Outward Bound Scholarship.** The Federation introduced a scholarship that allows one person to attend the Outward Bound training programme each year. Companies are able to nominate any employees they believe would benefit by attending from which a candidate is selected.
 - **Technical & Regional Meetings.** A 50% subsidy is paid to help fund the running of these training meetings.
 - **Flooring in RESIN ITO.** The Executive has been pursuing the establishment of an ITO to provide training in the resin floorings area. It is hoped that a programme will be running shortly. This will be an NZQA recognised qualification through the BCITO.
 - **Promotional Activities.** The Executive is currently going through a re-branding exercise, and is undertaking a media campaign to raise the profile of the Federation and its members. The new brand image, presented at the Annual Conference, has been presented to members at a number of meetings that have been held over the last year.
 - **Nuplex Website.** The Federation has been revamping and re-branding its participation in the website as part of the promotional programme. The member search facility will allow customers to identify and contact contractors that offer specific services. www.nuplexconstruction.co.nz
As a Nuplex Licenced contractor you will be listed on the website within the trades you operate. This is widely used by architects and construction companies seeking quality contractors.
- Warranties:** these are provided self-service through the password protected contractor section.
Warranties are emailed back to you within a minute.
- **Promotional Clothing.** Last year a supply of branded caps and T-Shirts were made available to members at a discounted price. We will look at continuing this in the future.
 - **Annual Conference & AGM.** The Federation helps organise the Annual Conference in conjunction with Nuplex . This event provides members with a training opportunity and the chance to catch up with members from other parts of the country.
 - **Area Meetings.** Each area currently holds at least one training meeting each year. The intention is to increase the frequency of these and change the format to a shorter breakfast meeting with more emphasis on specific training activities. Because of the time frames these meetings will be held in more locations reducing the amount of travel time required as much as possible.

Supascreed	Terraflake	Traxite
Surecote	Supadeck	Supaset
Ultratuff	Terraflex	Monothane
