

# Case History NCP 253

Industry Sector

Public Entertainment -Aquatic Centre

– High Pedestrian Traffic

**PROJECT NAME:**  
Solid Energy Aquatic  
Centre - Westport

**PROJECT  
REQUIREMENT:**

Slip resistance and high visual  
impact!

There had been a number of  
slips on the existing concrete  
floor and Public safety is  
paramount in a venue such as  
this.

The floor area needed to be  
easy to clean, have high degree  
of non –slip and decorative  
appeal, low maintenance costs  
and longevity.

## **NUPLEX Solution**

A resin /coloured aggregate Nuplex Traxite Colourfine  
was recommended.  
due to the long history and in service nature of the  
product

Nuplex Traxite Colourfine is an attractive system that  
Can be colour co-ordinated to suit the client needs  
whilst providing a high degree of safety required  
required in high traffic pedestrian areas

Nuplex Traxite Colourfine has a proven history of  
success in many pool complexes around New Zealand
