

Case History NCP 262

Industry Sector

Food Industry - Wineries

– High Foot & Vehicle Traffic

PROJECT NAME:

Babich Wines – Marlborough NZ

PROJECT REQUIREMENT:

This state of the art Winery is the newest addition to the Winery Industry in Marlborough.

During the vintage wineries are subject to a large volume of not only foot traffic but forklifts as well. They are areas of high activity and wear.

The floor area needed to be smooth, easy to clean and have high degree of wear resistance and visual appeal

NUPLEX Solution

An epoxy floor coating system, Nuplex Terratuff was recommended due to the highly durable nature of the product.

Terratuff is a two part epoxy resin coating system that is available in a range of colours and is versatile enough to be used in a wide variety of installations

Chemical resistance is often required in a wide range of environments and Terratuff has been designed and manufactured to meet those requirements

Terratuff with selected aggregate can also provide Slip resistance in those areas where Safety is paramount and the first priority

Product: Nuplex Terratuff®

Size: 3300m²

Contractor: Construction Coatings Ltd - Nelson

Specifier: Apollo Projects

Project Manager: Apollo Projects

Completed: December 2013
