

Case History NCP 251

Industry Sector

Dairy Industry

– High Vehicle Traffic

PROJECT NAME:
Fonterra - Pahiatua

PROJECT REQUIREMENT:

High Visual Enhancement whilst Durable

Vehicle workshops are areas of high activity and wear. This truck workshop is no exception

The floor area needed to be smooth, easy to clean and have high degree of wear resistance and visual appeal.

NUPLEX Solution

An epoxy floor coating system Nuplex Terratuff was recommended due to the highly durable nature of the product.

Terratuff is a two part epoxy resin coating system that is available in a range of colours and is versatile enough to be used in a wide variety of installations

Chemical resistance is often required in a wide range of environments and Terratuff has been designed and manufactured to meet those requirements.

Terratuff with selected aggregate can also provide Slip resistance in those areas where Safety is paramount and the first priority.

Product: Nuplex Terratuff®

Size: 660m²

Contractor: Allan Tong Ltd - Wanganui

Specifier: Fonterra

Completed: June 2012
